Hi, Ted –

As promised, here are some materials from the previous CEQ/fed agencies Rosemont site visit. It included the project site as well as a proposed mitigation site and areas that would be adversely impacted by the project. We recommend that all of these be included in your upcoming visit.

Also attached is a draft of the desk statement that I mentioned on today's call.

Thanks for inviting us to join you.

Hi Kathy,

Attached are the materials I have from the previous CEQ/EPA/other Fed site visit. Let me know if you see value in these and if it worth my time to update them a bit for use for this site visit.

Thanks.

-Carter
